Pristavski Listič

FROM THE PRESIDENT

As I enter into my third year as Pristava President and after serving for 5 years on the board, I continue to be astonished at all that seems to somehow “magically” get accomplished at Pristava every year.

I say this because as you read this year’s LISTIČ, the focus on the newsletter is on our *members* and all that they do for our beautiful “little piece of Slovenia.”

Our membership is thriving with new *members* being approved on a monthly basis. We continue to encourage more Slovenians to be a part of our community by personal invitation, social media posts and to ask our *members* to reach out and invite guests to attend our picnics and events.

Our financial position remains strong because of you, our *members* who continuously support the vision of what the founders created.

The Board is promoting our rental options to our members so that you can experience the full spectrum of what Pristava has to offer. Our *members* are proud to showcase the world class picnic, cultural and recreational oasis that we have.

The Board continues to discuss ways to encourage more *members* (young and old, man or woman, teen or adult) to participate in all that it takes to sustain Pristava season to season. You are crucial to the continuation of what we do and what needs to be accomplished. On behalf of the Board, I am reaching out to each and every one of you, our members, to get involved in several designated special projects that require “ALL HANDS-ON DECK.” We need *members* who have the knowledge to organize and lead a project. We need *members* who have the ability to do the physical labor. We need *members* who can spare some of their time to focus on completing these projects.

We will be communicating these projects in a variety of ways such as social media, regular email blasts, and personal invitation. Please see pg. 7 of the LISTIČ for a partial list of projects that need to be addressed and completed this season. With your help, we can tackle these projects and the required work it entails.

Let’s remember that this is **OUR** Pristava, that we love and cherish. It is **OUR** turn to continue the work that the hands of our parents, grandparents and founders created, which is the Pristava that we have today and that we will pass on to our children and grandchildren.

I am so grateful that our *members* continue to support Pristava by participating at the fundraising events and all picnics. Pristavska Noč was a success and now we look forward to seeing you on April 15th for the Reverse Raffle. And so, the season begins.

May God continue to bless each *member*, our families and Slovenska Pristava!

Sincerely,
John Srsen
President

PRISTAVA MEMBERSHIP

MEMBERSHIP DUES INCREASE

Greetings Slovenska Pristava Members,

After a ten-year period of no increases in our annual membership dues, the Slovenska Pristava Officers and Executive Committee Board have deemed it financially necessary to increase our annual membership dues starting in 2023. This was voted on and approved by the Board. Based on our review of fixed operating costs for Slovenska Pristava over the past 10-year period, we observed an approximate increase in those costs by approximately 35% which was essentially in line with the Consumer Price Index (CPI) over the same ten-year period. To address these rising costs and continue to ensure our ongoing level of financial stability, the increase was deemed prudent and necessary. We thank you in advance for your understanding.

PRISTAVA FINANCIALS

Dear Slovenska Pristava Members,

While preparing this annual financial report, I found myself reflecting on the passage of time since my childhood memories of Slovenska Pristava and suddenly being filled with a deep sense of awe and pride over how remarkably Slovenska Pristava has grown and developed over the years. None of this extraordinary growth would be possible without the hard work, dedication, and generosity of our members. As Slovenians, it may be fair to say that we all may have, at one time or another, recognized that a solid work ethic, dedication, tenacity, (and perhaps occasional stubbornness) are traits deeply rooted within us that drive us to achieve our goals. Our founding founders truly must be looking down at all of you with their hearts swelling with pride knowing that what they set out to accomplish decades ago continues to thrive!

For the 2022 calendar year, a total of \$56,042 in donations were received. These donations were directed to help fund the building of the new hall and renovation of Lobe Hall, in the memory of deceased members, and for overall general purposes.

As you are aware, after much consideration, our 2023 annual membership dues were increased after ten years of no increases. This increase was necessary and prudent to address rising operating costs incurred over the past years and to cover future expected cost increases. Every effort is made to control costs as effectively as possible.

For the fiscal year ending September 2022, we generated a profit of \$63,900. With your continued generosity, we continue to operate at a profit and continue to maintain Slovenska Pristava and its property well enough to provide you and your families a facility to enjoy, engage with other members, and perpetuate our Slovenian heritage.

Thank you again to all those who have generously donated and contributed their time to Slovenska Pristava. Your generosity makes a difference!

Respectfully,
Tom Stepec, Treasurer

SLOVENSKA PRISTAVA RENTALS

Year after year, Pristava embraces thousands of visitors to our wonderful “*little piece of Slovenia*”. Although there are many picnics and get-togethers already scheduled on the calendar, some of our members don’t know about the private events that we schedule throughout the season.

All members of Pristava are encouraged to rent the Pristava grounds and pool area to celebrate their special events. These events include weddings, anniversaries, baptism, birthdays, baby and bridal showers, graduations, engagements, Communion parties or family reunions as well as other events.

With the various options available, Pristava is able to accommodate large and small groups as well as outdoor events. Lausche Hall accommodates our larger events and holds 300+ depending on the room set up. Lobe Hall serves a smaller, more intimate crowd for about 25 guests. The newly built hall, the Annex, with its lovely balcony, stage and outdoor covered seating area will easily accommodate 70+ guests.

Pristava Member Testimonial

The Stupica Family

Pristava is a special place for our family as it is for so many families. It is indescribable to someone who hasn't experienced it. Something like a blast from the past combined with the best of what a modern community should be. It's a place where you watch your children engage in the very same things that made you happy once upon a time. At Pristava, you feel the presence of those that have left their mark and then left us. It's a place where every age contributes to joyful banter. Sharing a meal at a picnic table with many generations, taking a spin on the dance floor or just listening to "Pristava music" conjures relaxation and memories.

My favorite memory is camping out in a tent and getting woken up at dawn to a marriage proposal at the Kapelica, and that's going on almost three decades ago. My husband's favorite day is the Father's Day Mass. My kids would all say Camp Pristava is their favorite! (But every day at Pristava is a fun day)

Niko and Dominik helping out at Member Cleaning Day

(l-r) Maya, Dominik, Emily, Niko & Luke

Pristava is one of the few places that still allows children the freedom for nature exploration that most of us adults took for granted as kids. Nowadays, where else can you spin on a merry-go-round with 20 kids of varying ages? Build an epic fort in the woods and sleep in a hammock amidst the trees? Have three generations all call out your name, sure to tell your parents if you are up to mischief? Fish all day at the river while spinning tall tales? Enjoy a cheeseburger with onions without ever leaving the swings? Create complicated games that involve climbing on rock piles and construction debris? Build your own campfire to eat marshmallows (or better yet breakfast!)? Learn to glide past the rope on the speed slide and feel immense satisfaction that comes with the splash? Trick or treat through the woods with wild abandon? Enjoy "The best week of the year" (unplugged) at camp?

As children morph into teens, Pristava is "their" place. My daughter once said that she would eventually like to settle in CLE because she could never leave "Pristava" (not us parents!). I know more than a few young people who have the address of Pristava tattooed on their ankles. As teens morph into adults, they enjoy the community and relaxation. As adults have kids and then grandkids, they find joy in watching the new crop of free-range kids. And so, it goes on and on.

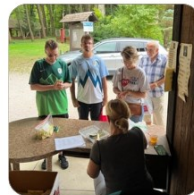

Stupica's Cabin

The hard work and volunteering that make this happen can be a sacrifice, but it is part of what gives members ownership in Pristava. You never feel like a guest, you feel like it's an extension of your home. Nothing feels more personal than what is achieved through hard work. I know our family appreciates this unique and beautiful place called Pristava.

Let's keep the tradition going and appreciate this unique and beautiful place. See you at the pool, the picnic tables, the Kapelica, the playground, the river, the cabins, the bar, and the dance floor (and also the kitchen and the furnace room)! Summer is just around the corner. Freedom and fun await!

SUMMERTIME FUN FOR ALL.....

Meet Miha Cerer who at 22 is our youngest Pristava Board Member!

Pristava's founding members sole intent was to create a space that resembled the countryside of Slovenia which could be used as an escape from the busy city life of Cleveland. It became a setting that would allow generations of families to carry on the Slovenian traditions. Pristava connects us with nature and allows us to generate memories that last a lifetime while engaging in many activities that we would not be able to do in the city.

For as long as I can remember, our family has spent every weekend at Pristava. It became a home away from home. Pristava was a place for all seasons. During the summer months we would campout and spend hours at the pool. The Grand River became our own little world to explore from climbing the rocky cliffs to catching salamanders. In the fall we would spend our time walking the grounds enjoying the changing season. During the winter months we spent hours in the field on sleds attached to the bumper of Ati's truck spinning around in the parking lot. Spring would be "regrat" season. We were given a knife and bag to hunt for dandelion greens and were instructed not to pick the dandelions that were in bloom. Our reward was a delicious "regratova solata" made with hard boiled eggs and bacon dressing.

I've grown to appreciate the time spent at Pristava interacting with friends and family. We cannot take this place for granted because it continues to exist through the continuous hard work of its members. I thank those that came before me for making such a wonderful place to experience the Slovenian culture and community.

Now, more than ever we need younger people to become more involved in keeping the traditions alive. Volunteering is a vital piece of the puzzle that keeps Pristava alive. As a first-year board member I am witnessing the great amount of work that it takes behind the scenes to maintain the grounds, pool and events. Everyone has a special talent that helps to contribute to making Pristava last for generations to come.
